# Celebrating 75 Years!

**1949-2024**

For 75 years, St. Joseph Catholic School has been a cornerstone of Catholic education in and around Athens, forming generations of students in faith, knowledge, and service. Rooted in a strong spiritual tradition, our school has cultivated a legacy of academic excellence, moral integrity, and community impact. As we celebrate this milestone, we honor the countless students, families, faculty, and supporters who have shaped our story and carried forward the mission of Catholic education. The enduring legacy of St. Joseph Catholic School lives on in the lives it has touched and the values it continues to inspire for generations to come.

To Our Supporters

*Thank you*

## Principal's Message

It is with great pride and gratitude that I present this year's annual giving report. As we reflect on the accomplishments, growth, and resilience of our school community, I am reminded that none of this would be possible without the unwavering support of those who stand beside us.

To our parents and families, thank you for entrusting us with your children and for partnering with us in their educational journey. Your encouragement and involvement continue to strengthen the foundation of our school.

To our dedicated staff, your commitment, passion, and tireless efforts inspire excellence every day. You are the heart of our institution, and your work shapes the future in meaningful ways.

To our community partners, alumni, and supporters, we extend our deepest appreciation. Your generosity - whether through time, resources, or advocacy - has enriched our programs and expanded opportunities for our students.

**Dr. Theresa Bangert**

"As those first responsible for the education of their children, parents have the right to choose a school for them which corresponds to their own convictions."

**Catechism of the Catholic Church  
§2229**

# We are Happy, Holy, and Helpful

## Mission Statement

At St. Joseph Catholic Parish School, we are a family of learners who model Christ in all that we do. We are happy, holy, and helpful!

## Our Vision

St. Joseph Catholic Parish School believes Jesus is the master teacher and commits to teaching as He did. Students are developing into current and future leaders who are thoughtful, compassionate, and problem-solvers, while embracing STREAM (Science, Technology, Religion, Engineering, Arts, and Mathematics) education. We strive to build self-confident students whose security is based on knowledge of God's love for them and the value of service to others. Students are challenged to inquire about the world around them, integrating STREAM principles, in order to positively impact their environment, both locally and globally. We are continuously striving to expand our Christ-like influence into the community, thus attracting more families to our Catholic school. Our teachers, parents, community partners, and Our Church are unified in the belief that children are the central focus of our mission.
